## QUESTIONS ABOUT THE FOOD:

**What if I want less than the minimum order amount requirement? The minimum order amount is a hard minimum, and we will not be able to create less than the minimum for any catering order. If what you want is offered on our dine-in menu, (check out our dine-in menu here) you can call the store at +1 (612) 746-4776 or fill out our "contact us" form here (The form will be the quickest way to get an answer) to see if you can order the lower amount of food at the dine-in price. Food ordered off the dine in menu will need to be ordered in person when you come to get the rest of your food.**

**I am ordering for people with allergies, what ingredients are in your food?**

Call the store at +1 (612) 746-4776 or fill out our "contact us" form here (The form will be the quickest way to get an answer) with a list of your allergies and what you are interested in ordering to learn about what is included in our food. For any customers with severe or deadly soybean, nut, or sumac allergies we might not be able to accommodate your allergy due to the high volume of those ingredients in our restaurant.

**How many people will what I order serve? All of our items have a serving**

**per portion listed in their descriptions.**

Try using our 1 serving of a side (salad, appetizer or rice portion), main portion (entree or dish), and dessert is typically enough for one average middle aged person. We recommend ordering a little over how much will serve your event in order to ensure everyone has enough to eat. Servings of sides + Servings of main portions +Servings of deserts divide by 3 =Number of People If you decide not to serve desserts, divide by 2 instead.

**Can I get the food "well done"? We can prepare our meats "well done" upon request. Can I order individual mini kabobs? No, unfortunately due**

**to the high labor involved in cooking and preparing the mini kabobs they are not offered individually.**

**What is the best way to order by-piece food? (Ex. Falafel, grape leaves, etc.)**

**If you would like to order food in smaller quantities, they can be ordered for their in-store prices.**

**What is market price? Some of our options have prices that fluctuate very**

**frequently. In order**

**for the restaurant to provide these items at a reasonable price without a high markup we modify our price for these items based on how much they cost us to purchase. The price at which we sell these items is called market price.**

## QUESTIONS ABOUT PAYMENT:

**Do I need to pay in person or through an invoice? Can I pay over the phone? Is there a gratuity fee?**

Payment over the phone is only available for people paying with cards from pre-approved organizations. Payments with any other method will need to be made in person. All catering orders do have a 15% minimum gratuity added to the order that is mandatory for all orders.

**Can I pay when I pick up the food?**

All payments must be made by the day and time given when your order is confirmed. This will likely be a day or two before your order will be ready. Some orders can be paid for on the day of pick-up if all the food in the order is a part of our dine-in menu, however any orders paid day of will not be prepared until payment is received, so we recommend arriving early in order to pay and wait for your food. This option is only available on a case-to-case basis, and isn't guaranteed for any order.

**How do I know if my organization is pre-approved?**

Call the store at +1 (612) 746-4776 or fill out our "contact us" form here with the name of your organization to see if they are on our pre-approved list.

## QUESTIONS ABOUT PICKUP AND DELIVERY:

**Can I have my order delivered?**

Delivery options are very limited. For specific questions on if you qualify for delivery contact us at +1 (612) 746-4776 or fill out our "contact us" form here (The form will be the quickest way to get an answer). The fee applied for delivery will range from \$0-\$200 depending on how much food was ordered, when and where it will be delivered to, and the availability of our delivery drivers. We cannot always ensure we will have a driver available.

**When is the earliest/latest I can pick up? The earliest pick-up time available**

**is at 11:00 AM, when the restaurant opens. The latest pick-up time available is 9:50, 10 minutes before we close. If you are late to your pick-up time and arrive after the store closes, we will not be able to give your food, and you can pick it up the next day.**

## OTHER QUESTIONS:

**Do you sell drinks?**

We can sell drinks for their dine-in price. You can find our dine-in menu on our website.

**Do you provide utensils?**

All orders come with proper serving utensils for the food, however individual utensils are not provided. If you would like individual utensils with your order there is an additional charge for each utensil package (1 plate, 1 fork, 1 spoon, 1 knife, 1 napkin, 1 salt packet, 1 pepper packet).
